## 2011/2010/2009

## **DORIS FLANDORFER**

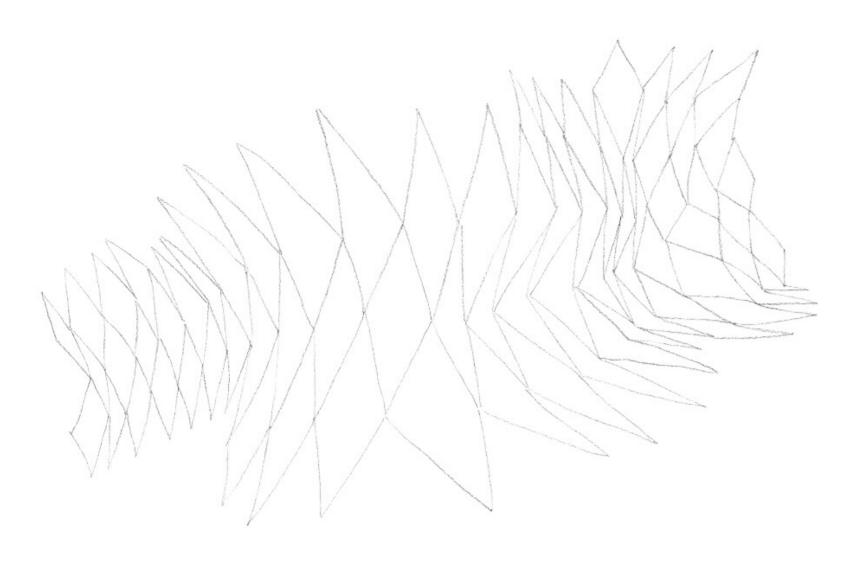

SELECTED WORKS

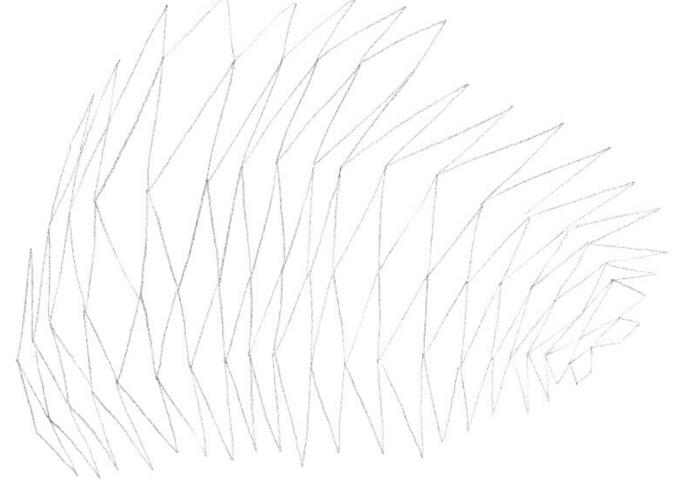

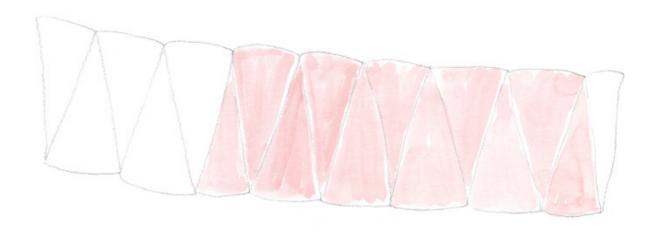

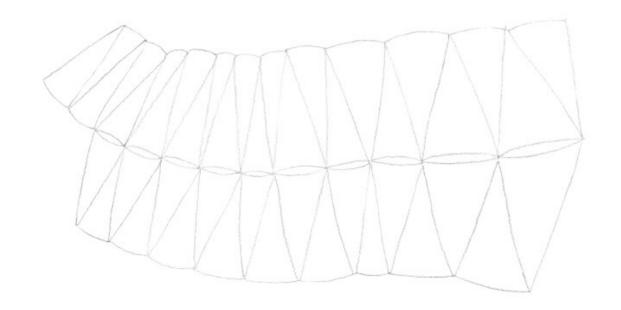

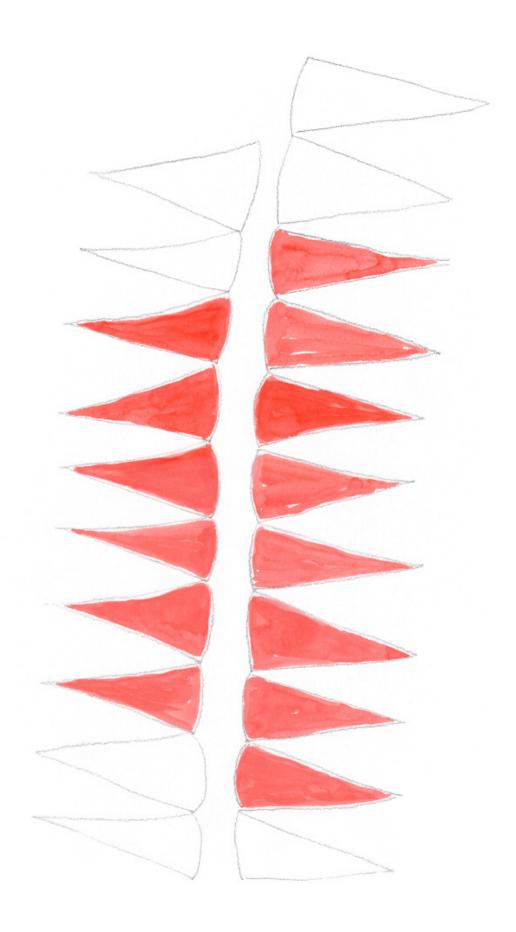

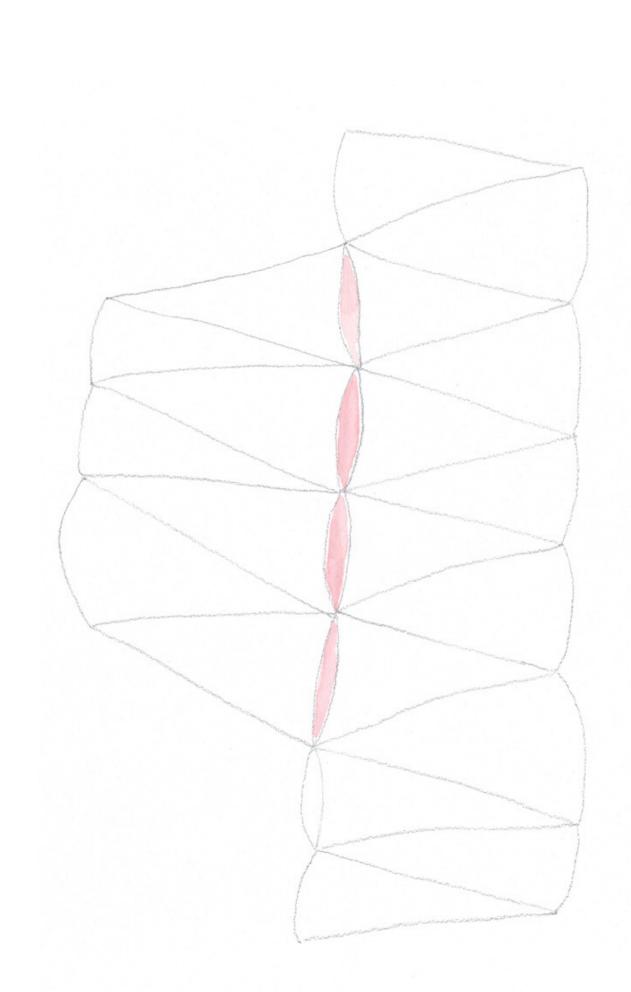

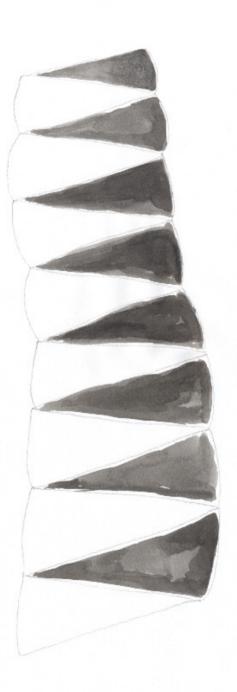

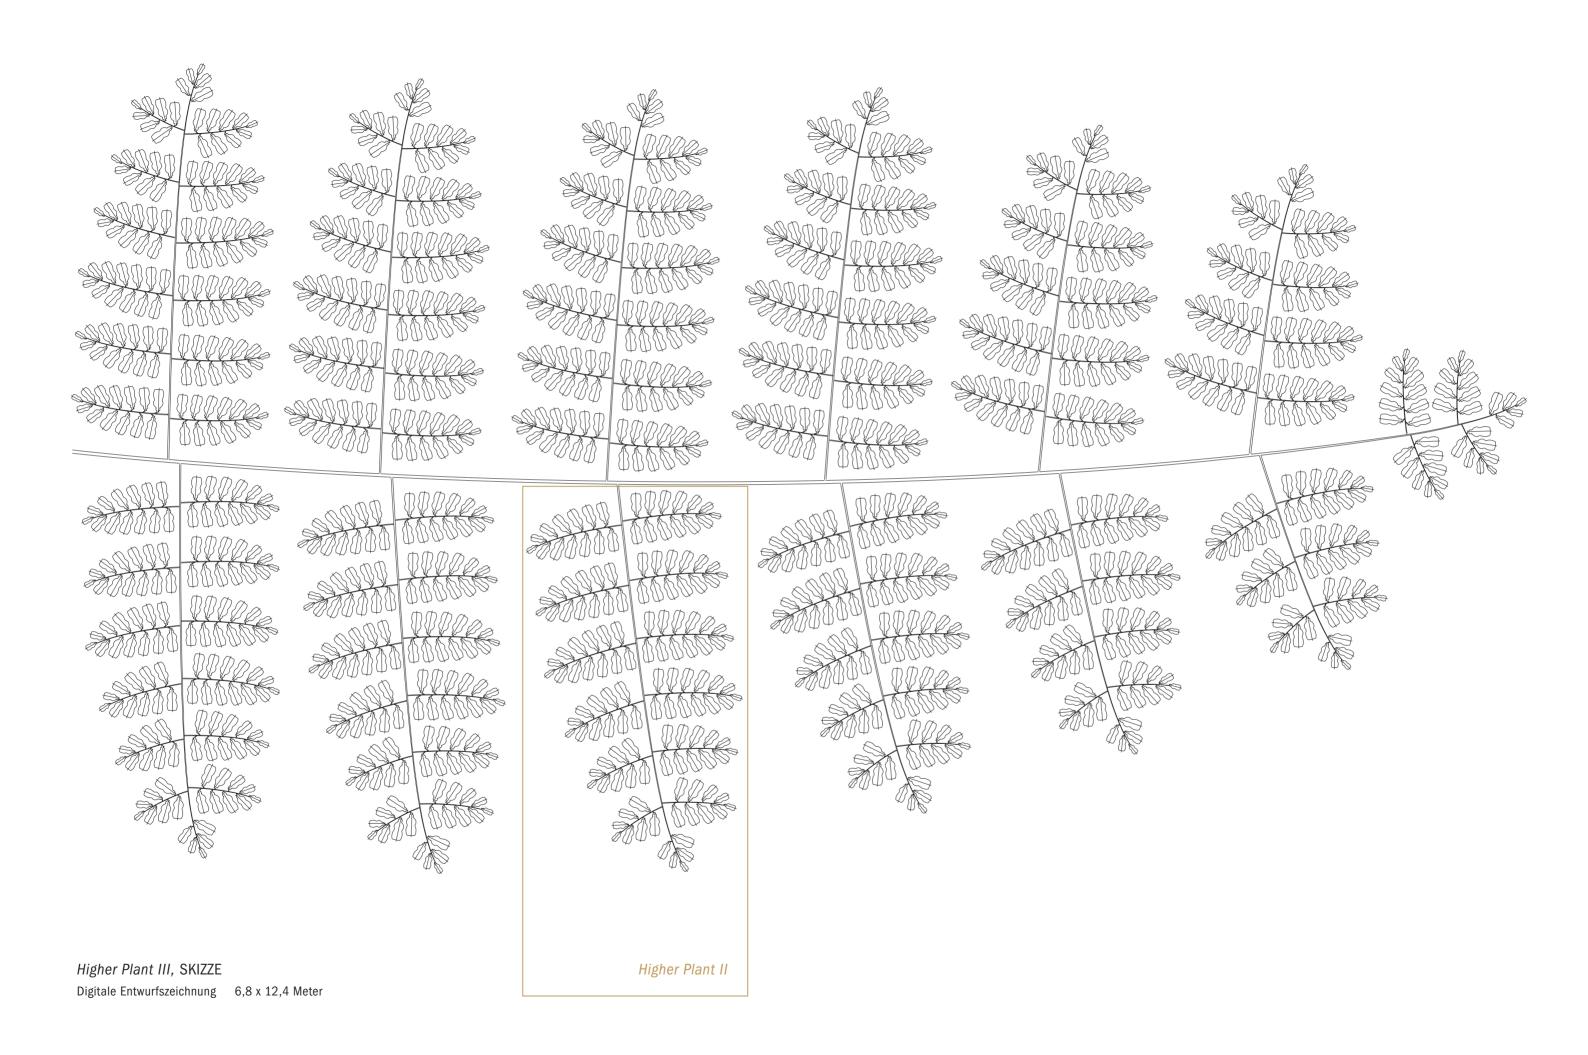

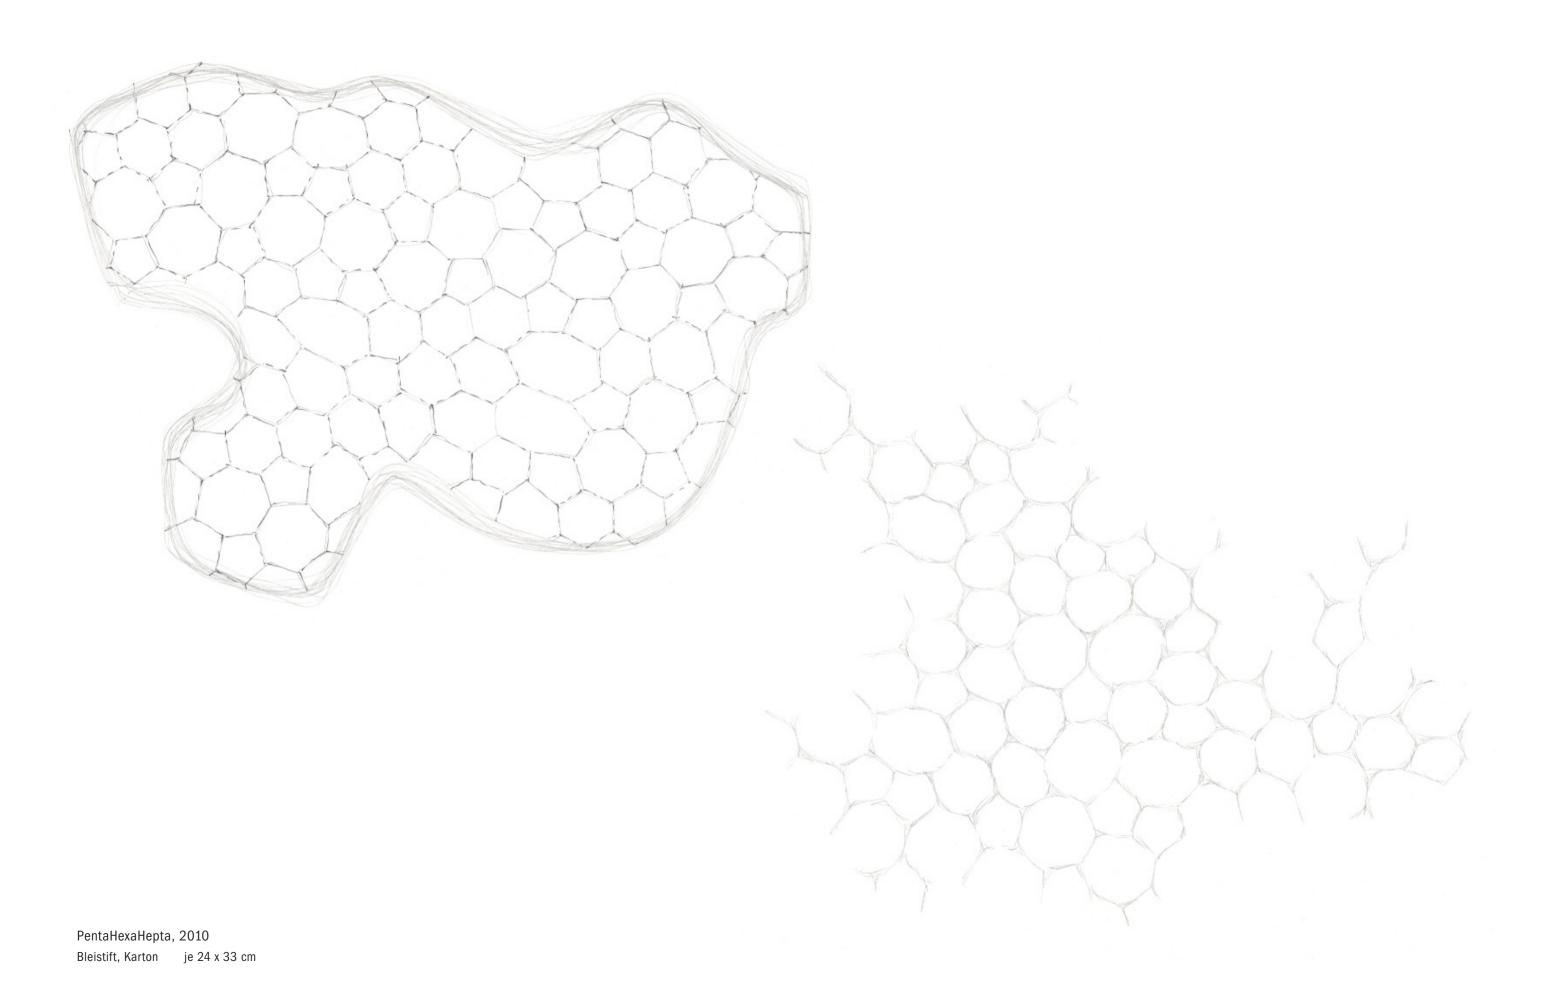

## Modellierte Natur

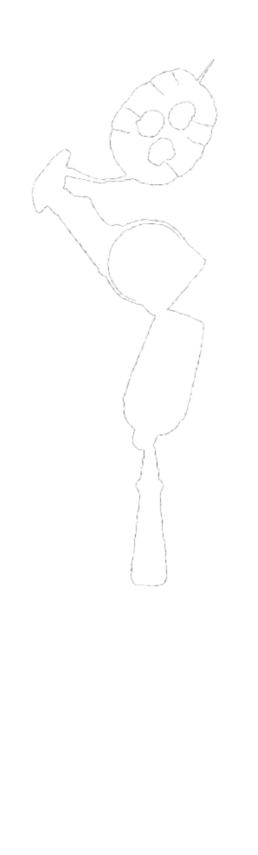

- Higher Plant I Dreizehn taillierte Kunststoffflaschen generieren ein zusammengesetztes, künstliches Blattmodul, weches als Basis für Higher Plant II dient.
- Higher Plant II Dreizehn Blattmodule (HP I) und eine zusätzliche mittlere Blattachse formen dieses zusammengesetzte, künstliche Blatt.
- Higher Plant III Die Montage (HP II) bildet gemeinsam mit seinem spiegelgleichen Pendant die Ausgangssituation für Higher Plant III (siehe Entwurfsskizze).

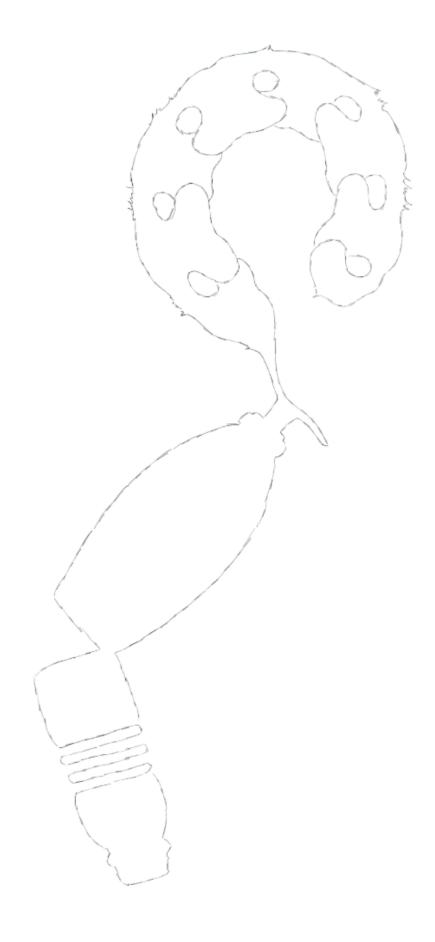

Remains, 2009 Plastik, Holz ca. 10 x 10 cm
